Profile

I am a driven individual with ability to adapt to any situation and proven potential to grow self and others.

Work experience

📅 05/2023 – PRESENT 📍 Kathmandu, Nepal
Software Developer
Next Level Value B.V.
I have developed CPQ (Configure Price Quote), Vacature Generator, customized E-commerce and GIS based SaaS applications.

- Developed multiple SaaS products for multi-billion dollar organizations with multilingual support for international market.
- Converted a react application to Next 15 with server actions, SSR and SSG etc. in 2 months.
- Created automation testing scripts with cypress and generated reports leading to more than 80% cost and time saving.
- Collaborated with cross-functional teams to ensure seamless integration of new technologies and solutions.
- Provided technical guidance and mentorship to junior team members, fostering a culture of continuous learning and growth.

📅 11/2022 –01/2023 📍 Kathmandu, Nepal
Web Developer Fellow
Gritfeat Solutions
I was selected as a web developer fellow amongst more than 1000 applicants. Over the course of 3 months, I crafted more than 10 web apps such as Event Manager, Quiz, Group Chat, Live weather etc.

- Fulfilled my role as fellow frontend developer, additionally doing 3 extra roles with backend, designing and hosting.
- Designed 5+ user interfaces with Figma, Documented every project with markdown and APIs with Postman.
- Collaborated with senior and fellow team members to learn and grow together.
- Tracked progress of projects and skill growth everyday from start till end for over 12 weeks.

📅 04/2021 – 09/2022 📍 Kathmandu, Nepal
Software Developer
Harati Technology
I started my career as a software developer intern. I devised and maintained CMS systems for school, colleges and finances.

- Estimated, performed feasibility analysis and forecast risks and planned the delivery for new requirements.
- Delivered 12+ new features in both Agile and SDLC life cycles over 6 months.
- Handled and maintained cPanel and domain registration of more than 8 clients and organizations.
- Designed and developed 7+ custom templates for the education, blog and finance system.
